21st CENTURY SKILLS

21st Century Skills are essential competencies needed to thrive in today's rapidly evolving world. These skills include critical thinking, creativity, communication, collaboration, digital literacy, media literacy, technology literacy, Flexibility, leadership, Initiative, Productivity & Social Skills. They help individuals effectively navigate complex work environments, leverage technology, and engage in lifelong learning. Emphasizing these skills prepares students to meet the demands of a global economy and contributes to personal and social success by fostering innovation and resilience. Education systems worldwide are integrating these skills to ensure that the future generations are well-equipped for success in the 21st century.

The most happening, the most happy, the most eventful is no hyperbole. The Course charted by the institutions is the resultant of the cohesive team forged by the visionary leadership of the President and Director who have truly carried forward the legacy of the founder parents Dr. Amrit Lal Ishrat and Mrs. Deesh Ishrat. Education and DALIMSS encompasses dimensions based on hands-on-skill, specialized modules, E-Learning and technology relevant to the contemporary global format for imparting meaningful and creative learning. The 'Mantra' is to put the 'Disciple' in the first place!

COMMUNICATION & COLLABORATION

Effective communication and collaboration are essential in any team environment. By fostering clear, respectful dialogue and active listening, team members can share ideas and solve problems efficiently. Collaborative skills like adaptability and open-mindedness enhance team synergy, ensuring all voices are valued. Developing these skills helps create a supportive and productive work culture, where everyone contributes to shared goals.

CREATIVE & CRITICAL THINKING

Creativity and critical thinking drive innovation and problem-solving. Creative thinking encourages exploring fresh ideas, while critical thinking helps evaluate and refine them. Together, these skills enable us to approach challenges thoughtfully and develop effective, unique solutions. Cultivating creativity and critical thinking empowers us to adapt and excel in a constantly evolving world.
